**Re: Support Message to German Automotive Lightening Workers**

Dear Colleagues,

The Czech Metalworkers' Federation was via the EMF informed about the strike for a Transfer – and Social Collective Agreement for AL workers in Reutlingen.

Hereby we would like to express our support and solidarity with the demands of Automotive Lightening Workers.

The Transfer – and Social Collective Agreement is the minimum that the employer should accept!

In Solidarity,

Josef Středula  
OS KOVO President
